Gang Cempaka 1, RT.10/RW.04, Puwomartani, Kalasan, Yogyakarta

As a fresh graduate of the Information Systems Study Program, I have cultivated a strong passion for Information Technology, Design, Analysis, Management, and continuous learning. During my academic journey, I enhanced my skills in website design, graphic creation, and event management through participation in seminars, campus committees, and an internship program. These experiences have allowed me to develop both technical and practical skills in real-world settings.
